

Canadian energy storage project put into operation

Overview

Toronto, Ontario - - The Oneida Energy Storage Project has officially commenced commercial operations, becoming the largest grid-scale battery energy storage facility in operation in Canada and one of the largest globally. Located in Haldimand County, Ontario, the 250-megawatt (MW) / 1,000-megawatt-hour (MWh) facility is powered by 278 Tesla Megapacks. There are an additional 27 projects with regulatory approval proposed to come.
