

Capital panasonic solar panels

Overview

Our solar experts named Panasonic the 6th best solar panel brand for U.S. homeowners in 2025, giving them an Excellent rating. © 2026 Panasonic Corporation of North America. Panasonic, once a household name in the solar panel and energy storage space, has officially exited the solar and battery storage market after decades of involvement. While this may come as no surprise to those closely following the industry, the move carries major implications for homeowners. Panasonic solar panels are a great addition to any household because of their impressive performance and because Panasonic is a name you can trust.
