

Colo solar container outdoor power

Overview

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank. Fully customizable to your exact needs. Looking for a custom fit?

Discover the perfect color solar outdoor power cabinet for your needs from our diverse range of products. RPS supplies the shipping container, solar, inverter, GEL or LiFePo battery bank, panel mounting, fully framed windows, insulation, door, exterior + interior paint, flooring, overhead lighting, mini-split + more customizations! RPS can customize the Barebones and Move-In Ready options to any design. Upgrade your shipping container home or office with a solar power kit and make the transition to off the grid living effortless! This system is designed to easily connect all your essential appliances (air-conditioners, computers, lights, microwaves and more). It's equipped with a 3000 watt power. A solar power container is a self-contained, portable energy generation system housed within a standardized shipping container or custom enclosure. The integrated solar system delivers 400-670 kWh of energy daily. How many containers do you need?
