

Delivery time for 500kW photovoltaic folding container

Overview

How long does it take to manufacture and deliver a mobile PV container?

Standard solar container models can be manufactured and ready to ship in as little as 4-6 weeks. Customized configurations can take up to 8-10 weeks, with shipping times varying by destination. Alpex's high-quality solar panels are designed for durability and come with a performance warranty of 20-25 years, ensuring reliable energy generation over the long term. Factory testing equals minimal on-site inconvenience - it's actually plug-and-play. Set up in under 3 hours for off grid areas, construction, vendor reputation and many other factors. Ensure that the system you choose can meet your long-term needs and utilities help get the solar panels ready quickly. Providing 24/7 clean energy with scalable solar capacity of 30-200kW and battery capacity of 50-500KWh.
