

Discount Offer for Grid-Connected Outdoor Energy Storage Units for Tunnels

Overview

Available to electric and/or gas customers of PG&E, SCE, SoCalGas, and SDG&E The CPUC's Self-Generation Incentive Program (SGIP) offers rebates for installing energy storage technology at both residential and non-residential facilities. Higher incentives are available for areas prone to wildfires and power outages. SGIP combines well with federal incentives to reduce costs further for commercial. Energy storage is a critical component of the modern clean energy landscape. • You. On July 4, President Trump signed HR1 (the "One Big Beautiful Bill Act") into law, which accelerates the termination of Residential Clean Energy Credit. Updates and resources can be found on the Working Group's webpage. On Decem, Governor Kathy Hochul.
