

# Double-glass curtain wall components

## Overview

---

Curtain wall detail includes framed grids of mullions/transoms, infill panels, pressure plates, snap-on caps, gasket and sealant joints, drainage channels, and engineered anchorage to the building structure. Curtain wall detail includes framed grids of mullions/transoms, infill panels, pressure plates, snap-on caps, gasket and sealant joints, drainage channels, and engineered anchorage to the building structure. Curtain wall parts include mullions, transoms, glass or spandrel panels, pressure plates, gaskets, sealants, thermal breaks, anchors, and drainage for weather. A curtain wall is a lightweight, non-load-bearing exterior wall system that hangs on a building's structure like a curtain—hence the name. Explore essential curtain wall parts from mullions to gaskets. Learn their roles, benefits, and how each contributes to structure, energy, and design. These glazing systems don't support the weight of a roof or floor.

### [Types Of Curtain Wall Systems](#)

A typical curtain wall system comprises several essential elements, including framing members, glass or other infill panels, anchors, gaskets, and sealants. These components work together to provide ...

### [12 Types of Curtain Wall System: A Comprehensive Guide](#)

Introduction to Curtain Wall Systems  
 Stick-Built Curtain Wall Systems  
 Unitized Curtain Wall Systems  
 Semi-Unitized Curtain Wall Systems  
 Point-Supported Glass Curtain Wall Systems  
 Cable Net Curtain Wall Systems  
 Double Skin Curtain Wall Systems  
 Stone Veneer Curtain Wall Systems  
 Terracotta Curtain Wall Systems  
 Aluminum Curtain Wall Systems

Stick-built curtain wall systems are a popular type of exterior cladding system used in modern building design. These systems consist of individual components, such as glass panels and metal framing, that are assembled on-site. This allows for greater flexibility in design and installation, as each component can be tailored to fit the specific need. See more on glassforum. Last updated: Shenzhen Sun Global Glass [PDF]
