

# Energy storage outdoor waterproof level

## Overview

---

The IP rating (Ingress Protection) defines how well a battery pack enclosure resists dust, moisture, and water intrusion. In 2024, you'll find a range of top models that not only promise durability and high capacity but also feature fast charging capabilities and multiple output ports. Whether you're considering the EF ECOFLOW DELTA Pro or the Jackery Solar Generator 5000 Plus, understanding the unique specifications. AZE's lithium battery energy storage system (BESS) is a complete system design with features like high energy density, battery management, multi-level safety protection, an outdoor cabinet with a modular design. Stationary power storage systems have experienced strong growth in recent years. We can supply safe, reliable, stable power supply solutions, to provide comprehensive highly quality energy.

## Energy storage outdoor waterproof level

---

### LIQUID COOLING ENERGY STORAGE SYSTEM

EMS real-time monitoring  
No container design  
flexible site layout

Cycle Life  
**≥8000**

Nominal Energy  
**200kwh**

IP Grade  
**IP55**
