

How much does energy storage equipment cost in the Middle East

Overview

This report analyses the cost of utility-scale lithium-ion battery energy storage systems (BESS) within the Middle East utility-scale energy storage segment, providing a 10-year price forecast by both system and component. Lithium iron phosphate (LFP) batteries are the focus of the report. The Middle East and Africa Battery Energy Storage System (BESS) Market Report is Segmented by Battery Type (Lithium-Ion, Flow Batter, and More), Connection Type (On-Grid and Off-Grid), Component (Battery Pack and Racks, Energy Management Software, and More), Energy Capacity Range (10 To 100 MWh. The Middle East battery energy storage systems market size was estimated at USD 0.66 billion in 2024 and is projected to reach USD 2.
