

# Invest in European solar power companies

## Overview

---

Major players in the European solar market include Total, Enel, EDF, Engie, Iberdrola, RWE, and EDP. are also making a mark in the industry. Solar power generation in Europe increased significantly in 2022 with a 25% increase from 167. The EEA says that the energy sector is responsible for around 75% of the continent's emissions, so the amount of renewable energy needs to continue to rise. Across Europe. Inven is a deal sourcing platform that assists you in discovering niche businesses and investors across industries. Our AI-powered database combines millions of company and investor profiles, making it simple to filter, search, and benchmark opportunities. The abstract numbers seen in headlines—tens of gigawatts of new capacity—are translating into tangible steel, silicon.

## Invest in European solar power companies
