

# Irish outdoor energy storage battery manufacturer

## Overview

---

Statkraft announces it will build Ireland's first four-hour grid-scale battery energy storage system (BESS) in Co. Offaly, co-located with Cushaling Wind Farm. Battery storage technology can offer unique benefits to the grid by reducing reliance on fossil fuels. The South Wall Battery Energy Storage System went live in 2023 and has the capability of providing 30MW of fast-acting energy storage. 5 megawatt (MW) facility in Stephenstown in County Dublin. The facility is capable of providing a rapid delivery of electricity into the power grid in order to balance fluctuations resulting from the growing proportion of. The Gorman battery system, with an installed capacity of 50 MW, is our world's first commercial-scale battery system and the first in Ireland. The next generation of energy storage solutions promises to transform solar power systems from simple daytime generators into comprehensive 24-hour energy.

## Irish outdoor energy storage battery manufacturer
