

Is the pharmaceutical factory equipped with solar power generation on its roof

Overview

710 solar panels installed on the roof of a pharmaceutical production facility in Hokmaly, Absheron district, Azerbaijan. The solar panels, with a total capacity of 450 kW, enabling it to meet approximately 40 percent of its energy consumption through renewable sources., a leading integrated pharmaceutical enterprise, specializes in the R&D, production, and sales of parenteral nutrition solutions and a diverse range of chemical pharmaceuticals. Located in Guangzhou, the birthplace of Cantonese culture, the company. Otsuka Pharmaceutical Co. (Otsuka) has announced the launch of solar power generation systems at the Tokushima Second Factory and expanded existing systems at the Tokushima Itano, Takasaki, Tokushima and Tokushima Mima Factories. (Head Office: Naruto, Tokushima, Japan; President and Representative Director: Shinichi Ogasawara), a subsidiary of Otsuka Holdings Co.
