

Kangding Solar Power Station

Overview

Kangding is located in a valley of the about 210 kilometres (130 mi) west-southwest of, the provincial capital, and 100 kilometres (62 mi) west of . It is a city populated by significant proportions of both Tibetans and Han, and is part of the historical region of . The raging Zheduo River flows through the city, thus the constant sound of water reverberates throughout much of the city. At the north end of Kangding near the bus station the Zheduo River converges with t.

Kangding Solar Power Station

[Light Up the Land Where Solar and Hydro Meet at the World's Largest](#)

On a snowy mountain at an altitude of 4600 meters in western Sichuan, rows of blue PV panels are generating electricity from solar energy, while the Yalong River is roaring in the distance. ...
