

# Kenya double-sided solar panels on the roof

## Overview

---

These cutting-edge panels feature N-Type cell technology, multi-busbar design, and IP68-rated double glass construction, ensuring superior performance in Kenya's sunny climate with minimal degradation (0.4% annually) and 30-year warranty protection. Maximize your energy production with Jinko's advanced 600W–635W Double Glass N-Type Bifacial Solar Panels, delivering ultra-high efficiency (21.5%) and dual-sided power generation for homes, businesses, farms, and industrial sites across Kenya. Reliably producing affordable, environmentally-friendly solar power and energy, the Bifacial Dual-Glass Design: Captures light from both front and back for up to 30% additional yield on reflective surfaces; 1.
