

Latest Behind-the-User Energy Storage Project in the Philippines

Overview

In a strategic move valued at approximately \$21 million, Aboitiz Power is integrating BESS technology into its existing thermal plants, a model for clean energy that is being closely watched by national utilities as a blueprint for climate-resilient infrastructure. The groundbreaking for SN Aboitiz Power (SNAP), a joint venture of Aboitiz Power Corp. and Scatec, is moving straight into construction mode on two new battery energy storage system (BESS) projects in Benguet after securing funding—accelerating its push to scale up energy storage and strengthen grid support services. Aboitiz Power, in a disclosure with the Philippine Stock Exchange on Wednesday (Feb. China's Huawei has bagged its biggest BESS order to date and will supply the Meralco Terra Solar Project in the Philippines, which is considered the largest integrated solar and.

Latest Behind-the-User Energy Storage Project in the Philippines

[SNAP starts 80-MW battery storage build](#)

SN Aboitiz Power (SNAP), a joint venture of Aboitiz Power Corp. and Scatec, is moving straight into construction mode on two new battery energy storage system (BESS) projects in ...

[Scatec JV reaches financial close for 80 MW BESS in the Philippines](#)

SN Aboitiz Power (SNAP), Scatec ASA's joint venture with Aboitiz Renewables, has reached financial close and is preparing for construction start of the 40 MW Binga (phase 2) and 40 ...

[SNAP sets 80MW battery storage system project in Benguet](#)

MANILA - Two new battery energy storage system (BESS) projects with a total capacity of 80 megawatts (MW) are set for development in Benguet province following the financial closure of ...

[Aboitiz Power Pioneers Hybrid BESS Project in the Philippines](#)

The groundbreaking for AboitizPower's Nasipit Hybrid Energy Storage System marks a strategic step toward grid flexibility. The project combines thermal generation with battery storage - an emerging ...

[Philippines backs 17 new power projects, focuses on renewables and ...](#)

The Department of Energy (DOE) of the Philippines endorsed 17 power generation projects to the National Grid Corporation of the Philippines (NGCP) in June 2025, highlighting the ...

[Meralco power generation arm announces second grid-scale BESS project](#)

Meralco PowerGen Corporation (MGEN) announced the 49MW battery energy storage system (BESS) project in the City of Toledo, Cebu, yesterday (21 July). Set to be constructed and ...

[Huawei bags 4.5 GWh battery storage deal for Philippines Terra Solar](#)

China's Huawei has bagged its biggest BESS order to date and will supply the Meralco Terra Solar Project in the Philippines, which is considered the largest integrated solar and battery ...

[Battery Storage System In The Philippines Fast-Tracked](#)

In the Philippines, battery energy storage systems are still in their nascent stages. While policies like the inclusion of Integrated Renewable Energy and Energy Storage Systems (IRESS)

[Philippines Energy Storage Surges as Nearly 5 GWh of Battery ...](#)

The Philippines is taking a decisive step toward firm renewable energy capacity, with the latest round of its Green Energy Auction (GEA-4) marking the country's most storage-focused ...

[DOE clears battery storage projects for grid impact study](#)

The Philippine Department of Energy (DOE) has cleared 21 battery energy storage system (BESS) projects for system impact studies (SIS) with the National Grid Corporation of the ...
