

Lebanon energy storage solar project connected to the grid

Overview

The micro-grid project combining PV and energy storage systems offers a possible way to mitigate the energy crisis. Beirut, Lebanon, June 5th, 2023 /PRNewswire/ -- Sungrow signed eight contracts with local partners to supply the first batch of Utility-scale micro-grid BESS in Lebanon. The energy relies on large-scale energy storage. This article explores what investors, engineering firms, and renewable energy specialists need to know about this emerging market. Global PV inverter manufacturer and energy storage solutions provider Sungrow will supply equipment including battery storage to eight solar microgrid projects in Lebanon. Sungrow has signed deals with undisclosed.
