

Longi photovoltaic panel 370 watt size

Overview

LONGi 370W Solar Panel is a high efficient, monocrystalline 72-cell module, with excellent electrical and solid structural performance. This module features silver 40 mm frames with white backsheet, TL connectors, and industry-standard -0/ 5W sorting. Less components and lower. Introducing the L370w, a high-quality and efficient solar panel that will significantly enhance the capabilities of your renewable energy setup. Less components and lower cost. Featuring excellent low-light performance, reduced degradation, and 1500V system compatibility, it is ideal for residential, commercial, and utility-scale. To compare updated solar panel prices by brand, system size, and more, check out our article on the cost of solar. Product Specifications Shipping and Packaging LONGi Solar is a.
