

New Zealand Lithium Battery Cabinet 80kWh Promotional Price

Overview

Keep your Li-Ion batteries safe with this 83L smart charging cabinet. Fire-resistant, space-saving, and packed with smart cooling and safety features—because overheating batteries aren't a good look!. The doors of this Lithium-Ion Battery Storage Cabinet have 2 factor latching with 3 x 304 stainless steel slam shut catches on the inside. On the outside - 2 x 304 Stainless Steel latches join the doors together to become one - mitigating the chance of the doors blowing open in a multi - battery. Providing a cool, dry environment for you to store and charge your batteries, our cutting-edge battery cabinet is the Australian-made solution you've been searching for. Featuring smart charging technology, active temperature monitoring, and fire resistant construction, this cabinet helps reduce the risk of overheating. Lithium-ion batteries will undoubtedly play a significant role in New Zealand workplaces and lifestyles for some time into the future. But understanding their potential risks is vital. Contact us today for tailored uniforms and PPE solutions that fit your exact needs.
