

New Zealand solar container lithium battery pack supplier

Overview

At Project Lithium we are dedicated to making high quality lithium battery packs for an affordable price all while being local to New Zealand. We also do battery repacks to give your old batteries a new life. We provide great solar options for both home and industry. Expandable, maximally 16 batteries can be parallel connected to form a 80 kwh battery storage. Long life, after 5000 cycles, still have over 80% capacity usable. All cells are guaranteed Grade A level. We also offer a variety of 48V lithium batteries, perfect for powering your tiny home, off-grid, hybrid, or grid-tied. The SOK 20 kWh Lithium Battery Kit is a high quality lithium iron phosphate solar energy storage battery system designed for houses, off-grid, motorhomes and industrial applications.
