

# Oman Energy Storage Battery Agent

## Overview

---

MUSCAT, 22nd September, 2025 (WAM) -- Nama Power and Water Procurement (PWP) has signed an agreement for the development of the Sultanate of Oman's first utility-scale solar and battery storage project with the consortium of Abu Dhabi Future Energy Company PJSC - Masdar, Al Khadra. MUSCAT, 22nd September, 2025 (WAM) -- Nama Power and Water Procurement (PWP) has signed an agreement for the development of the Sultanate of Oman's first utility-scale solar and battery storage project with the consortium of Abu Dhabi Future Energy Company PJSC - Masdar, Al Khadra. As Oman accelerates its shift towards renewable energy, attention is increasingly turning to a less visible but critical part of the power system: energy storage. While solar panels and wind turbines often dominate public discussion, it is storage technologies that determine whether clean energy. Muscat - Nama Power and Water Procurement (PWP) signed an agreement on Monday with a consortium led by Masdar to develop Oman's first utility-scale solar and battery storage project with an investment of RO115mn. The Ibri III Solar Independent Power Project will combine a 500MW photovoltaic plant. Oman's battery storage market grows with renewable energy integration and supportive policies, valued at \$0.85 billion, based on a five-year historical analysis. Our range of battery applications include Data Centers, Auto/Truck, Powersports, Marine, Heavy Duty, and Fleet Vehicles.

## Oman Energy Storage Battery Agent
