

# Original photovoltaic power station bracket price

## Overview

---

Standard mounts range from \$100 to \$400 per set, while advanced systems may exceed \$1,000. Costs can fluctuate based on geographical location, supplier pricing, and the size of the solar panel system. ECO-WORTHY offers multiple kinds of mounting brackets so no matter roof or ground, they can meet your expectations. To source reliable suppliers of solar brackets in China, prior to finalizing a partnership, conduct thorough assessments of suppliers' credentials, request product samples where possible, and establish open. While galvanized steel brackets dominate budget projects (¥36-¥60/m<sup>2</sup>), aluminum alloys are stealing the show in residential installations. A typical adjustable aluminum system like Xiangheng's 41" triangular frame now costs ¥123. 58 after platform discounts - that's 15% lighter than last-gen models. How much does a solar power bracket cost?

1. These brackets are designed to blend in with the roof.
