

Photovoltaic panel cleaning engineering company

Overview

This list features 24 companies in the solar panel maintenance sector, ranging from small teams of under 50 employees to larger firms employing over 1,000. We offer a fully automated solar panel cleaning system with no moving parts that you can control from your phone. RST NightWash™ keeps your panels clean all the time. Designed in full compliance with manufacturers' requirements, and supported by a nationwide contractor network, we help asset owners, operators, and O&M. Founded in 2003, Solar Maid is one of North America's oldest and largest solar panel cleaning companies. Our sustainable cleaning methods ensure your panels stay clean and your energy remains green, providing you with a more reliable and efficient solar power experience.
