

Photovoltaic panel investment and franchise

Overview

Initial franchise investments start at \$35,000, offset by potential savings of \$95,753 for customers over 25 years. Look for partners with strong market presence and extensive support services. While competition and regulatory challenges exist, federal tax incentives boost. If you're considering entering this market, a solar panel business franchise is a smart way to start with lower risk and higher support. It is labeled as recession-proof by several franchises in this booming industry because the demand for energy remains constant regardless of economic conditions. The Sun is the main source of life on Earth, why not make.
