

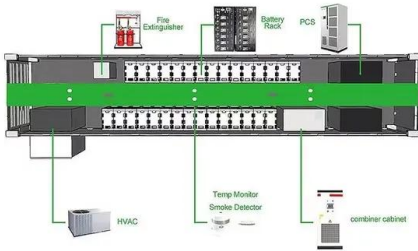

Photovoltaic panels can buy insurance

Overview

That's good news because it means a regular homeowners policy usually has you covered, and you won't need to get special insurance just for your solar panels. But, it's important to do a little homework to make sure you've got the right level of protection. Coverage varies dramatically by installation type: Roof-mounted panels are typically covered under dwelling coverage with higher limits, while ground-mounted systems fall under “other structures” coverage limited to just 10% of your dwelling coverage—potentially leaving expensive systems. Adding solar panels to your home is a major investment, and protecting that system starts with understanding solar panel insurance. Knowing how insurance for. Homeowners insurance may cover solar panels under your policy's dwelling coverage if your panels are permanently attached to the roof and damaged due to certain covered perils, often excluding wind and hail.
