

Power battery solar battery cabinet discontinued

Overview

On April 1, 2025, Panasonic announced the discontinuation of its entire solar and battery storage product line, including the EverVolt system. This decision came as a surprise to many in the industry, given the system's solid reputation and recent market expansion. The company sent a letter to dealers on Monday, but noted they will continue to honor warranties. Re-read that warranty information [here](#). “We have made the decision to discontinue our solar. Discontinuation Impact: While Panasonic discontinued the EverVolt line in April 2025, the company's commitment to honor 12-year warranties and maintain customer support provides security for existing owners, though new buyers face long-term support uncertainties. Modular Advantage: The EverVolt's. Most industrial off-grid solar power systems, such as those used in the oil & gas patch and in traffic control systems, use a battery or multiple batteries that need a place to live, sheltered from the elements and kept dry and secure. When the power goes out, battery backups ensure that the Internet, cloud-based data, financial and health records stay accessible. 0 kWh Usable Energy) PWRcell EX Battery Modules for 9kWh to 18kWh storage capacity. Expand the plug and play system by adding additional batteries to the. PWRcell 2 lets you use solar and battery at the same time and allows a generator to recharge the battery, maximizing home backup power.
