Price of solar panel installation in Malaysia

Overview

What is the Cost of Solar Panel Installation in Malaysia?

 A typical solar system for residential use could cost anywhere from RM14,000 to RM46,000. This price range varies depending on the type of house and roof size, according to the Malay Mail [1]. On average, you can expect to pay between RM 15,000 to RM 20,000 for a residential solar panel system. This figure can fluctuate. Solar energy, which comes from the sun, has long been introduced as an alternative way of producing electricity in Malaysia, thanks to the sunny weather we get year-round. Large companies such as Intel Malaysia utilises solar energy to generate electricity for its buildings and Sime Darby Property. For instance, in Malaysia, solar photovoltaic (PV) installed capacity has demonstrated an impressive 48% CAGR since 2011, making solar an increasingly popular choice for both residential and commercial property owners.
