Price quote for a 100kW solar energy storage unit for use on Australian islands

Overview

The starting price for a 100kWh commercial solar battery in Australia is around A$68,999, and installation usually adds A$1,000–3,000, depending on your site setup. If you're also installing a solar system (like a 100kW array), that could cost an extra A$80,000–120,000. Think factories, big farms, workshops, or off-grid setups. Solar. We have access to the most advanced solar technology in the business, offering high efficiency 100kW solar systems to warehouses, industrial buildings, office complexes and retail stores across the country. Our 100kW solar package provides steady and reliable power for every part of your business. Actual quotes can vary with brand, installation complexity and location, but these ranges reflect mid-tier equipment installed by accredited retailers in major cities (May-June 2025).
