

# Ranking of lithium battery cells for energy storage systems

## Overview

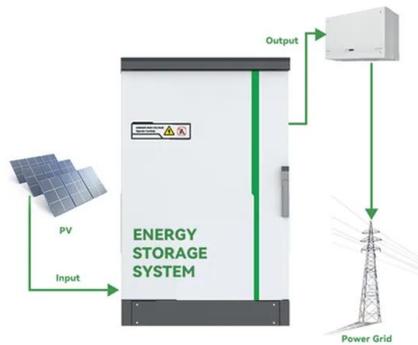

---

The top five largest energy storage cell manufacturers in the first half are CATL, EVE Energy, REPT, Hithium, and BYD. CATL secured the top position with orders from major customers like Tesla and Fluence. EVE Energy received orders from all big customers, sustaining second place. According to InfoLink's global lithium-ion battery supply chain database, energy storage cell shipment reached 114.9 GWh going to utility-scale (including C&I) sector and 12. Through continuous innovation and technological breakthroughs, they have become a leader in the energy storage battery industry and have made important contributions to the. Recently, authoritative institutions such as InfoLink, SMM and ICC released the 2025 global energy storage shipment rankings. For companies sourcing LiFePO<sub>4</sub> battery cells at scale—whether for utility-scale BESS, industrial backup, or wholesale distribution—the annual "ranking" has become more than just a headline. Let's face it - batteries are the rock stars of our clean energy revolution. But which technologies will dominate this space?

Grab your voltage meters, folks - we're diving.

## Ranking of lithium battery cells for energy storage systems

---

### [Top 10 Global BESS Manufacturers Ranking 2025](#)

This comprehensive analysis ranks the top 10 BESS manufacturers based on production capacity, global market presence, technological advancements, and notable project implementations. The global BESS ...

### [Top 10 Energy Storage Battery Manufacturers \(2025\)](#)

As the global demand for renewable energy grows, energy storage batteries have become critical components in modern power systems. Below are ten of the most influential energy storage battery ...

### [The Best Battery Types for Energy Storage: A Guide](#)

Selecting the right battery chemistry for a battery energy storage system depends on several key factors, each influencing the system's performance, safety, and cost-effectiveness.

### [Double Top 2! HiTHIUM Leads the Global Energy Storage Market with ...](#)

Recently, authoritative institutions such as InfoLink, SMM and ICC released the 2025 global energy storage shipment rankings. HiTHIUM demonstrated strong performance, securing a spot in the Top 2 for both ...

[Global energy storage cell, system shipment ranking 1H24](#)

The top five largest energy storage cell manufacturers in the first half are CATL, EVE Energy, REPT, Hithium, and BYD. CATL secured the top position with orders from major customers like Tesla and ...

[Energy Storage Battery Ranking 2025: Top Technologies Shaping the](#)

Let's face it - batteries are the rock stars of our clean energy revolution. As we sprint toward 2025, the global energy storage battery market is projected to hit a staggering \$33 billion valuation [1]. But ...

[2025 Global Utility-Scale Battery Cell Rankings: Beyond the Capacity](#)

Explore the 2025 global battery cell rankings for utility-scale energy storage. From CATL's dominance to the rise of CALB and REPT, DLCPO Power analyzes the shift from 280Ah to 314Ah cells and ...

### [2024 Energy Storage Battery Cell Shipment Rankings , SMM](#)

Chinese energy storage battery companies performed exceptionally well, achieving record-breaking global shipments. CATL maintained its leading position for consecutive years, while other ...

### [Top 10 global energy storage battery cells by total shipment volume](#)

This article will take you through the ranking of the top 10 global energy storage battery cells in terms of total shipments, provide you with a detailed explanation.

### [HiTHIUM Tops Global Energy Storage Rankings H1 2025](#)

HiTHIUM has ascended to the #2 position in both worldwide energy storage battery shipments and utility-scale energy storage shipments, showcasing its leadership in tailored solutions and efficient ...
