

Single-phase communication power supply cabinet for power plants

Overview

Select units offer meter monitoring for overload protection, maintenance bypass functionality, and remote monitoring. Note: Product availability is real-time basis and adjusted continuously. Design features include stainless steel welds and hinges, upper shelves for power supply storage and lower sliding trays for battery storage. Equipment. The HJ-SG-D01 series is a lineup of outdoor communication single-bay cabinets designed for floor-standing installations in the fields of communication base stations, smart cities, smart transportation systems, power systems, and more edge sites. Join us as a distributor! Sell locally — Contact us. One cabinet per site is sufficient thanks to ultra-high energy density and efficiency. The eMIMO architecture supports multiple input (grid, PV, genset) and output (12/24/48/57 V DC, 24/36/220 V AC) modes, integrating multiple energy sources into one. ATS now carries several models of OSP enclosures from Highline Products which include Single Phase Primary. Product Overview: The Alpha UPE-M is a modular outside-plant power supply cabinet designed to provide reliable DC power for telecommunications and broadband network equipment.
