

Solar power generation for home use is free

Overview

There are a few common ways to go solar with no upfront installation costs, most often through solar leases or power purchase agreements (PPAs). These options are frequently promoted as “free solar panel” programs — but while you won't pay to purchase the panels themselves, they're. Solar projects are making it easier for Americans to choose solar energy to power their homes. Like with most free things, these solar programs have a catch (spoiler alert: they aren't actually free).

Solar power generation for home use is free

'Free Solar Panels' Aren't Really Free

There's no such thing as free solar panels. The federal government doesn't have programs for free solar installation, and it doesn't require companies to provide free solar panels. Most
