

Southeast Europe s extra-large capacity folding containers

Overview

The collapsible heavy-duty OceanPak® is specifically designed for intercontinental shipments and offers an efficient footprint that optimises an ISO sea-container. The reusable plastic containers can be stacked to optimize storage room and folded to reduce volume. When full, a sea container can. MegaPacks are folding plastic large load carriers and pallet boxes that meet all the requirements of modern and environmentally friendly transport and storage logistics. Due to their special construction consisting of a twin-sheet pallet, a folding sleeve, and a twin-sheet lid, the large load. From 1960's, attempts in this sense have not been lacking, but an essential ingredient was still needed to make the idea suitable for the market: a foldable container turning out to be easy and cheap to use and repair. Zbox. Enhance your logistics operations with our folding large containers for non-palletizable loads.

Southeast Europe s extra-large capacity folding containers

[Zbox Blue Logistics project](#)

Zbox is a patented ISO shipping container based on innovative Z-folding mechanism. It easily folds to bundle a stack of 5 Zbox units and transport them in the space of 1 standard box (5 in 1).
