

Tunisia Brand Solar System Project

Overview

Home » Energy » A Look into Tunisia's 100MW Solar Projects by Scatec and Aeolus The Sidi Bouzid and Tozeur Solar Projects are photovoltaic power developments planned for central and western Tunisia, respectively. The Tunisian government says concession and authorization frameworks are advancing multiple PV projects, while new entrants including SoleCrypt plan additional plants, boosting capacity, self-generation, and panel imports. Solar project contracts were awarded earlier this week following the signing of. Construction of Tunisia's Kairouan solar project is progressing rapidly, surpassing 82% completion as of September 2025. Senior officials, including Secretary of State for Energy Transition Ouael Chouchene, STEG CEO Tarifa Faycel, Kairouan Governor Dhaker Barguaoui, and Almud Weitz from the World. Peace E. Udoh is an editorial analyst with expertise in energy and migration storytelling. She brings strong skills in research, data reporting, and article development, with a proven record of breaking impactful stories. After years of slower progress, this initiative marks a significant acceleration in deploying the country's large-scale photovoltaic (PV).

Tunisia Brand Solar System Project

[Tunisia awards solar power projects to international companies](#)

Tunisia has awarded four new solar power projects to international companies for the production of 500 megawatts of electricity as part of a drive to expand the share of renewable energy ...

[Tunisia solar expansion: Impressive 1.3 GW Push by 2025](#)

This new solar capacity is a cornerstone of Tunisia's National Renewable Energy Plan, also known as the Tunisian Solar Plan (PST). The government aims to achieve a 35% share of ...

[Tunisia accelerates large-scale solar as new players enter market](#)

Anglo-Tunisian group SoleCrypt announced plans for a 60 MW PV plant in Tozeur, part of a broader initiative to connect eventually to the Medusa submarine cable, enhancing Tunisia's ...

[Tunisia Moves Closer to 2030 Renewable Target with New Energy](#)

Collectively, the new wind and solar projects are expected to save Tunisia hundreds of millions of dollars by reducing gas imports, while lowering carbon emissions, improving energy ...

[Tunisia selects France's Voltalia for 132 MW solar power project](#)

Tunisia has awarded French renewable energy company Voltalia a contract to develop a 132-megawatt solar power project to boost electricity supply in the country.

[A Look into Tunisia's 100MW Solar Projects by Scatec and Aeolus](#)

Solar project contracts were awarded earlier this week following the signing of agreements between Tunisia and partners from Norway and Japan for the construction of the plants. ...

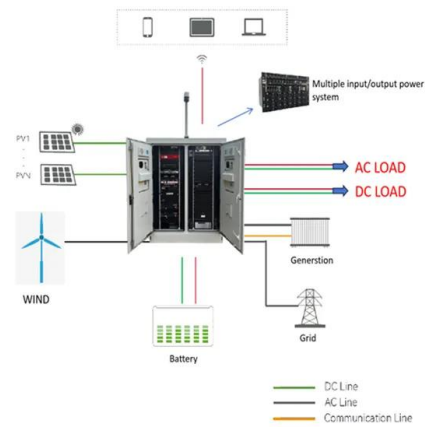

[Tunisia's Kairouan Solar Project Nears Completion](#)

The Kairouan project forms part of Tunisia's broader plan to deploy five large-scale solar plants totaling 500 MW across regions like Tataouine, Gafsa, Tozeur, and Sidi Bouzid.

[Tunisia Adds Another Major Solar Project - Voltalia Wins Bid for ...](#)

French renewable energy company Voltalia has successfully secured the development rights for the 132MW Wadi solar project in Tunisia. The project is located in the Gabès region of ...

[Tunisia's road to solar energy now well mapped out](#)

Three of the projects, each with a capacity of 100 MW, are being developed by French companies Qair International SAS and Voltalia SA and Norwegian company Scatec. The plants will ...

[Tunisia Awards Major Solar And Wind Projects To Global ...](#)

Tunisia accelerates clean energy transition by awarding large-scale wind and solar projects to global developers under its 1.7GW plan.
