

V100b Solar power generation

Overview

This solar-powered generator delivers up to 3,200 peak and 1,600 running watts via three AC ports, four USB ports, a 12-volt DC port, and a wireless charging pad. It's a reliable choice for emergency backup power or as a solar portable generator for tailgating and camping. Unlike traditional generators that rely on fossil fuels, these eco-friendly devices Level-Up your solar power with storage. Once considered overly expensive. AIO's minimalist one-piece design keeps the micro-inverter out of sight for a clean and tidy appearance. Ensures efficient vacuum creation, reliable operation, and long-lasting system performance. Product has dynamic power protection which will auto-stop output when overpower occurs. Guarantee battery working at safe temperature.
