

# Where are the solar power stations in Myanmar

GEL Battery

Lithium Battery

Container storage system

Power Battery

## Overview

---

The solar power plants are being developed in various regions, with four in the Nay Pyi Taw, three in Mandalay Region, one in Bago Region, and one in Shan State. These solar plants will have a combined installed capacity of 530 megawatts. 8 TWh/year, with an average of over 5 sun hours per day. Even though hydropower is responsible for most electricity production in Myanmar, the country has rich technical solar power potential that is the highest in the Greater Mekong. According to the Ministry of Electric Power, a total of six solar power plants are being operated nationwide and 13 more solar power plants are under construction. Currently, six solar power plants are producing 180 megawatts of electricity, and upon completion of the 13 solar power plants under. THE Shwe Myoh Solar Power Plant, located in Zeyathiri Township, Nay Pyi Taw Council Area, is expected to begin generating electricity in June 2026. Currently, work on the solar tracker systems, including the base and tracker poles, has been completed. He also serves as a member of the State Administration Council, Deputy Prime Minister, and Union Minister at the Prime.

## Where are the solar power stations in Myanmar

---

### [Thapyay Wa Solar PV Project - 30MW - GP Energy Myanmar](#)

On Decem, Clean Power Energy- (CPE) marked the official launching ceremony of Thapyaywa Sustainable 30MW Solar Power Plant, located in the central part of Myanmar, near ThaPyayWa village, in ...

### [Myanmar developing 11 Hybrid and Solar Power Projects, says Energy](#)

The solar power plants are being developed in various regions, with four in the Nay Pyi Taw, three in Mandalay Region, one in Bago Region, and one in Shan State. These solar plants will have a combined ...

### ENERGY STORAGE SYSTEM

**Product Model**  
HJ-ESS-215A(100KW/215KWh)  
HJ-ESS-115A(50KW 115KWh)

**Dimensions**  
1600\*1280\*2200mm  
1600\*1200\*2000mm

**Rated Battery Capacity**  
215KWH/115KWH

**Battery Cooling Method**  
Air Cooled/Liquid Cooled

### [Myanmar implements 11 solar power plant projects , Ministry Of ...](#)

A total of 11 solar power plant projects are currently under construction and development across Myanmar, with an installed capacity of 1,026 megawatts, according to the Electricity and Energy Development Commission.

### [Six solar power plants in operation, 13 under construction](#)

Currently, six solar power plants are producing 180 megawatts of electricity, and upon completion of the 13 solar power plants under construction, they will contribute more than 960 megawatts of ...
